Summer 2026

flexible time slots

WE BRING THE SCIENCE TO YOU

All equipment provided

INDIVIDUAL PROGRAM VISITS 45-70 minute programs	WEEK-LONG HALF-DAY CAMP 9-12:30pm or 12:30-4pm	VIRTUAL PROGRAMS ~60 minutes of science content
<p>A degreed scientist comes to you to conduct an exciting program!</p> <p>AMAZING ARTHROPODS LIVE Insects, Arachnids, Myriapods and more are sure to thrill young entomologists! Get the facts about bugs and touch if you dare!!</p> <p>ROCKIN' WITH DINOS! Dig into this exciting paleontology program on fossils, dinosaurs, and rocks! Discover the process of fossilization, touch real fossils, even take one home!</p> <p>SMARTY PLANTS Budding Botanists will learn the importance of plants as they sow seeds to take home!</p> <p>MISSION CONTROL Blast off with rockets as you become the human launch pad in this space exploration program! ***Program is weather dependent. If weather is not permitting, program will default to indoor Space program.</p> <p>ENERGY AND ME Get ENERGIZED as we explore the exciting world of light, heat, and electrical energy!</p> <p>BRAIN BUZZ Touch real brains and eyes as we buzz through the nervous system!</p> <p>FANTASTIC FORCES Push and pull into our force focused experiments as we explore gravity, friction, magnets, and more!</p> <p>CHEMISTRY SENSATION Sensational science comes to life as we mix and separate colorful chemicals! Young scientists will make and take home their own science putty!</p> <p>SOUNDS ABOUND "TUNE IN" to the science of sound with tuning forks, palm pipes, thumb pianos and wave modulators!</p> <p>VOLCANOES Explode with laughter as we learn about volcanoes and mix chemicals to erupt them!</p>	<p>A degreed scientist comes to you to conduct 3 hours of S.T.E.M. fun!</p> <p>Campers will explore a wide range of science through hands on experiments.</p> <p>* PHYSICS DAY: Energy, Force, and Motion are the theme for the day! Campers will put their engineering skills to the test as they explore Gravity, Friction, and Magnetism. Learning about Energy will keep us energized as we experiment with sound, light, heat, electricity and so much more!</p> <p>* BIOLOGY DAY: On biology day, campers will become botanists by planting seeds to grow at home and Entomologists exploring the world of bugs and why we need them. Even touch some friendly myriapods! Feeling gutsy? Touch real brains and eyes as we buzz through the nervous system!</p> <p>* GEOLOGY DAY: Become Geologists and dig into the Earths' Crust to discover rocks and the minerals that make them! Take a trip into the past by discovering real fossils to touch and take home! Explode with laughter as we learn about volcanoes and create eruptions!</p> <p>* ASTRONOMY DAY: Campers become aerospace engineers as they study the science of rockets! Blast off with water propulsion rockets and become a human launch pad in this space exploration program!</p> <p>* ROBOTICS DAY: Robots will take over as we build, program, and test our robots using Lego WeDo™ Robotics. Learn the basics of coding by taking BeeBot® through a self-created obstacle course!</p>	<p>Unique, standard-based, pre-recorded video content that can be viewed on ANY device & at ANY time!</p> <p>By Grade: 2 videos approx. 15min. each By Subject: 1 video 25-28 minutes</p> <p>3 Extending the Lesson PDF's for content assessment & Science Kits with two HANDS-ON experiments for each student!</p> <p></p> <p></p> <p>VIRTUAL PROGRAM OPTIONS:</p> <p>Tier 1</p> <ul style="list-style-type: none"> • \$35 per class for video content and supporting documents: Digital guided questions, Extend the Lesson, & Try at home <p>Tier 2</p> <ul style="list-style-type: none"> • Tier 1 • PLUS \$6 per student for corresponding science kits. Each kit includes 2 pre-packaged take home experiments for easy pass out! <p>Tier 3</p> <ul style="list-style-type: none"> • Tier 1 and Tier 2 • PLUS \$15 per class for an additional teacher led demo. (This demonstration is different from student experiments to further enhance the lesson.) <p></p> <p>2 EXPERIMENTS per KIT</p> <p>MORE ON OUR WEBSITE</p> <p></p>
		

High Touch High Tech of Greater Atlanta
11205 Alpharetta Highway, Suite H3
Roswell, GA 30076

hightouch hightech

Choose From 3 Options!! Perfect for ages 4-11yrs old

Individual Visits

We can visit once, twice, or every week!

Individual Themed Program Prices

In-House Program Prices
(max 25 students per session)

70-Minute Programs

one 70-minute program – \$345
two 70-minute programs – \$395
three 70-minute programs – \$475
four 70-minute programs – \$555

45-Minute Programs

two 45-minute programs – \$350
three 45-minute programs – \$380
four 45-minute programs – \$410
five 45-minute programs – \$440

Program times can be adjusted.
Teachers and chaperones participate
free of charge and must always be
present.

*travel fee may apply to certain locations

Week-Long Half-Day Camp that comes to you!!

BEST Value option!!

Host "SPECTACULAR SCIENCE"- our
week-long half-day Science Camp
at your facility for 5 days of hands-
on "edu-tainment"!

Time options:

9am-12:30pm or 12:30pm-4:00pm

(time includes 30min brain break)

\$155 per camper

*Must book a minimum of 15 campers per
three-hour time block. If less than 15
campers, minimum fee of \$2,325 applies.

*Adult host representative must be
always present and responsible for brain
break portion.

Virtual Programs

Pre-Recorded Video Lessons with science kits

Can't have visitors? Book a virtual
program or 5 for a virtual camp!

Each program includes a video
lesson covering a science subject
and 1 kit per student containing 2
experiments. Kits are individually packaged
for easy distribution

\$35 per class size of 25 + \$6 per
student kit
