

hightouch hightech PARTIES

*A science party is the perfect way to combine birthday fun with hands-on experiments!
We offer several party packages to choose from for different ages and interests*

Included in all party packages:

- Approximately 70 minutes of science fun conducted by a degreed SCIENTIST
- Hands-On science activities for each of the party guests!
- 15 party guests included, \$10 for each additional participant
- “Goodie Bags” to transport take-home experiments
- A special HTHT gift for the Birthday Scientist!

(We bring science to you! Participants must be seated at tables with chairs to conduct the experiments.
We cannot provide tables or chairs. Additional fees may apply to parties outside of our service area.)

Contact our office to schedule a Party today! 770-667-9443 or email: info@sciencemadefunatl.net

Packages and Pricing

POTION PIZZAZ (*most popular*)

Perfect for ages 5+

70 minutes, \$320

Perfect for the budding **CHEMIST**! POTION PIZZAZZ includes explorations in physical and chemical changes. See Styrofoam dissolve right before your eyes while learning the basics of chemical safety! Uncover the 'secret' colors hiding inside markers and get messy to get clean as we make and take home our very own hand-crafted polymer (much like silly putty!)!!! Learn the elements of chemistry as we mix solids and liquids to make an exploding gas! Even erupt a geyser which is sure to wow every party guest!

PALEO POWER

Perfect for ages 6+

70 minutes, \$320

Have your own fossil mini museum set up for the young **PALEONTOLOGIST**, including REAL dinosaur bones, authentic fossils, and dinosaur models. Participants will not only learn how fossils are created by the natural processes of the Earth, including the eruption of simulated volcanoes; but also, the processes of recovering delicate fossils as they excavate fossilized shark's teeth and shells from their own 'fossil muffin' and take home their findings!

JEEPERS CREEPERS

Perfect for ages 5+

70 minutes, \$320

Creepy, crawly, weird and wacky; Become an **ENTOMOLOGIST** as we investigate the world of myriapods, arachnids and insects! See the world through the eyes of a bug and take home a compound eye. See our LIVE BUGS up close and personal! Even touch if you DARE! Our tarantula, scorpion, and other creepy crawly friends will be the most popular guests of the party! Perfect for a birthday or Halloween party!

PHUNOMENAL FIZZIX

Perfect for ages 7+

70 minutes, \$340

Learn the science of energy and force as we morph into **PHYSICISTS**! Investigate the vibrations of sound moving through a liquid and test poppers that defy Newton's Law of Inertia. Baffle your eyes (AND YOUR BRAIN!) with an optical illusion spinner and break white light into the colors of the electromagnetic spectrum! Even take-home prism glasses! Study the science of flight with the world's most simple helicopter! Explore actions and reactions with air/pump rockets or water rockets*! (*weather permitting)

Packages and Pricing continued...

LET'S ROCK

*Perfect for ages 5+
70 minutes, \$340*

Get ready to get dirty as we become a **GEOLOGIST** by learning the processes of how rocks are formed! Watch as we explore igneous rocks by erupting a 'volcano' and make our own metamorphic 'rock' out of putty. Finally put your mining skills to the test as we search for real minerals and gemstones! Learn their names, and of course, keep all that you find! Our collection includes clear calcite crystals, amethyst, jasper, iron pyrite (fool's gold), amazonite, leopard skin, and MORE!

CELESTIAL CELEBRATION

*Perfect for ages 6+
70 minutes, \$340*

Young **ASTRONOMERS** will BLAST OFF in this exciting space themed party! Delve into the world beyond our atmosphere as we explore our Sun, the stars, and Solar System we live in. Our scientists will make a Sun Light detector, figure out their age around the solar system and use scientific tools to explore things we can't see with our eyes alone!
